VOLCANIC EARTH HEALING CENTRE BOOKING INFORMATION

The Volcanic Earth Healing Centre is much more than a Vanuatu spa. It is a unique experience in indulgence and restorative healing, set in a "living landscape" of artistic creation and exotic, botanical gardens by the crystal-clear waters of the South Pacific Ocean, known as the **N. Michoutouchkine A. Pilioko Foundation**.

It is a world class spa and wellness centre.

There is no other place in the world like it. There is a natural balance between all the artistic objects (paintings, sculptures, artefacts and buildings) and the surrounding environment. It's humbling, invigorating, peaceful and wild - all at the same time! Escaping from the stresses of modern day life is easy here. Our qualified therapists are skilled in the ancient art of relaxation, pampering and rejuvenation - everything from deep tissue remedial massage treatments (either indoors or outdoors), hot lava stone therapies, luxurious mud wraps, detoxifying body scrubs, through to natural facelifts, pain-relieving reflexology, facials, waxing, manicures, pedicures and traditional, custom healing techniques/consultations.

After a pampering body treatment, freshen up and revitalise your inner spirit in our outdoor shower, as you gaze out to sea and your inhibitions drift away with the rolling tide. Enjoy complimentary refreshments and a local tea at our enchanting Tea House & Pagola.
